3. เลือก Activate automatically using the internet (recommended) จากนั้น กด

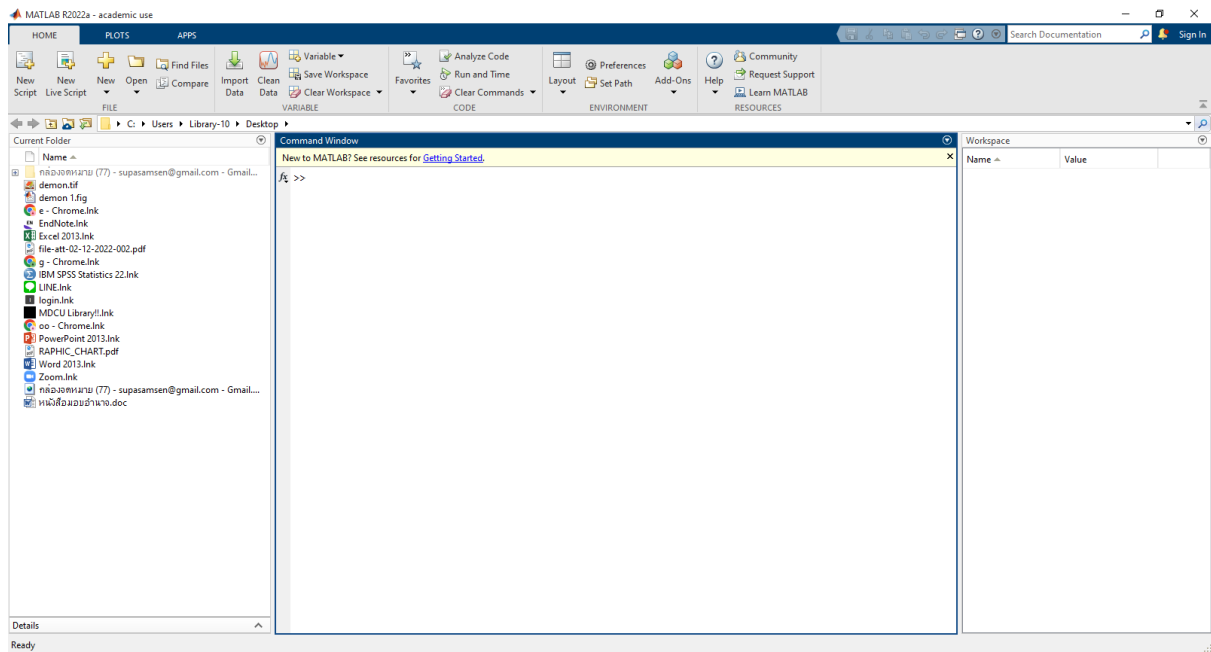

Next

4. Log in Matlab ตามที่ได้ลงทะเบียนไว้ จากนั้น กด Next

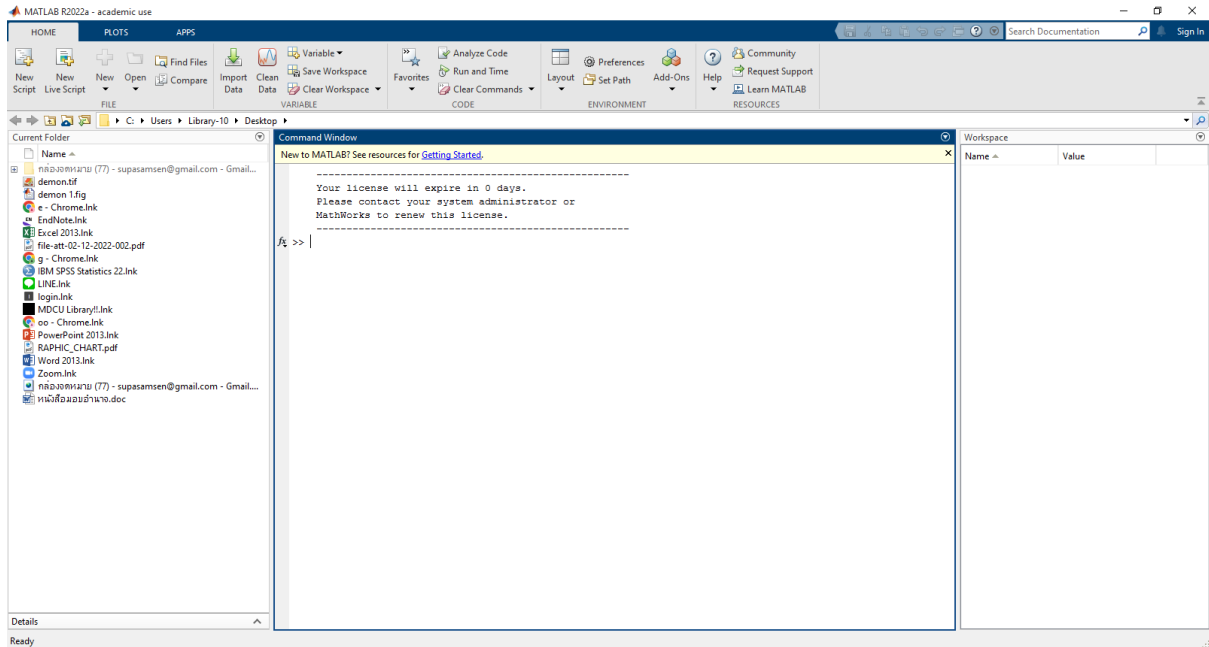

5. รอสักครู่ ทำการปิดโปรแกรมและเปิดขึ้นมาใหม่ จะได้ตามรูป การ Reactivate
เรียบร้อย

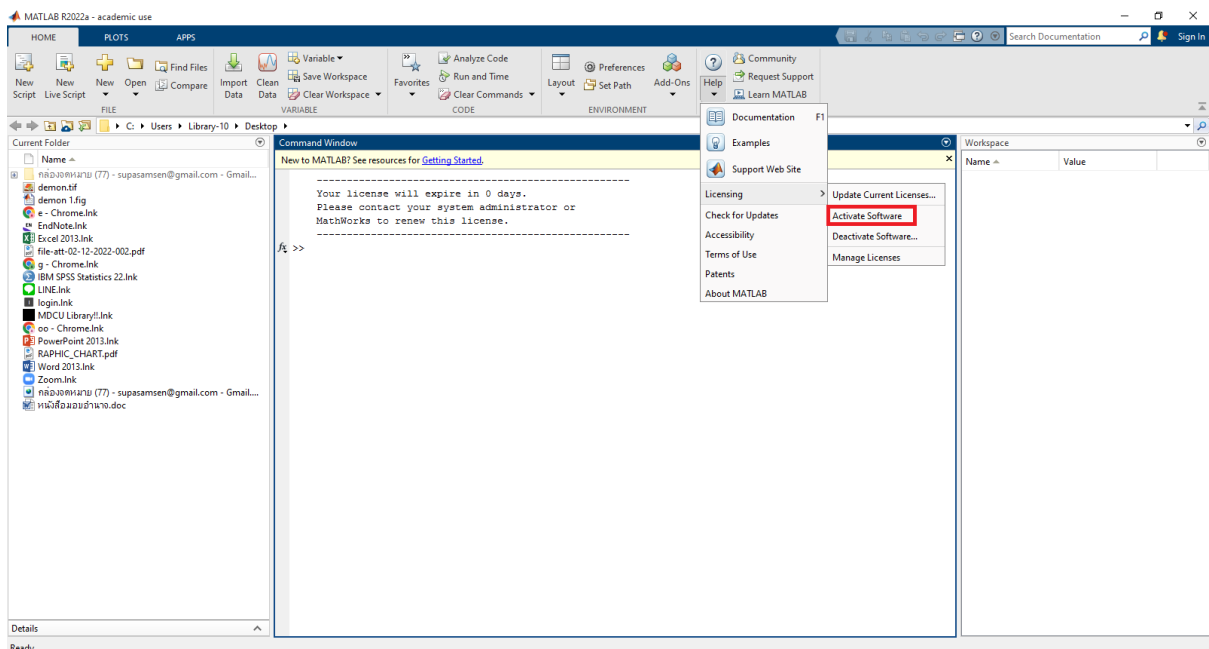

How to Reactivate MATLAB

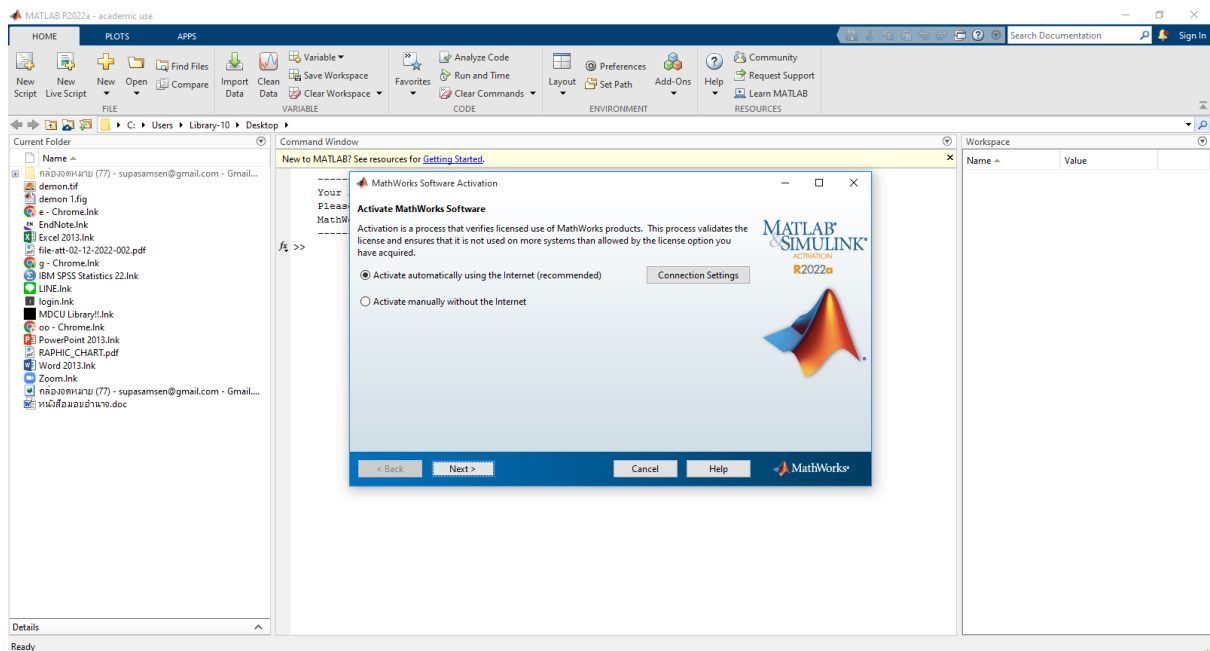

1. When you open the MATLAB program, the system will display a screen indicating that the license has expired.

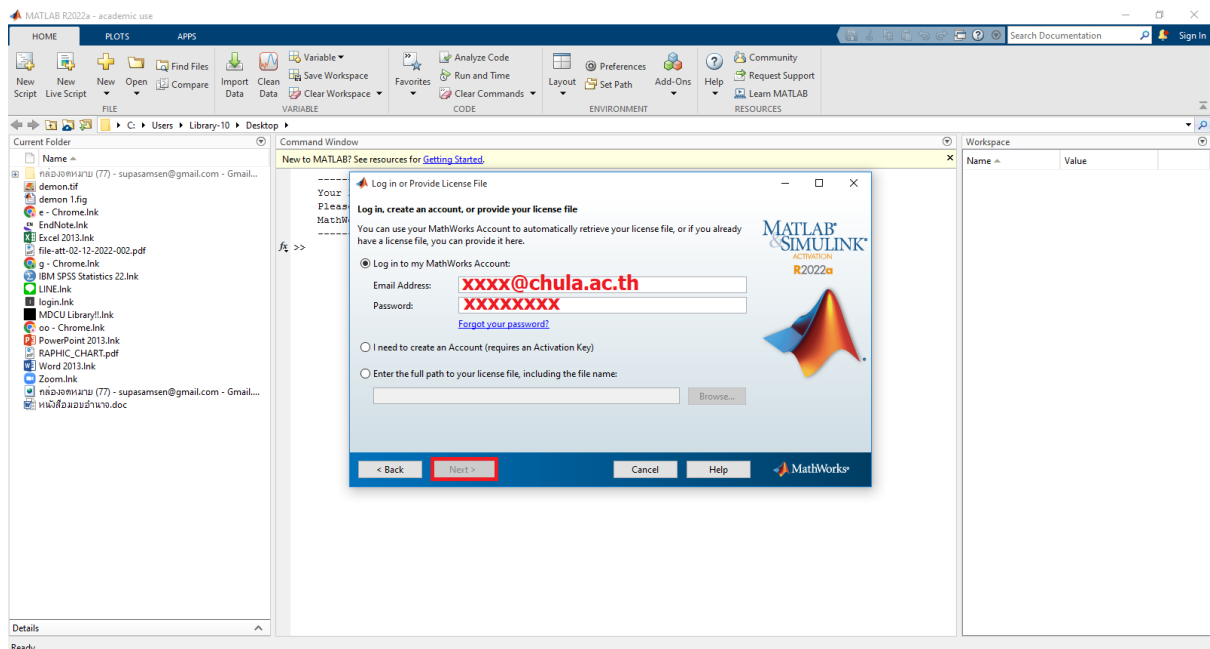

2. Go to Help Menu > Licensing > Activate Software.

3. Select Activate automatically using the internet (recommended), then press Next.

4. After that, sign in to MATLAB using your registered account and then click on the Next button.

5. Wait a moment for the system to close the program and reopen it. You should see a picture indicating successful reactivation.
